JANESVILLE, WISCONSIN FRIDAY, MARCH 28, 1902

NUMBER 17

## HEAVY RAINFALL FLOODS SOUTH

Miles of Railway Washed Away, and Many Towns Are Isolated.

## SIX INCHES FALL

Mississippi and Louisiana Suffer Most from the Extraordinary Downfall.

## RAIN IN NORTHWEST

New Orleans, March 28.—Many towns in Louisiana, Mississippi and Alabama are entirely cut off from railroad communication owing to almost unprecedented rainfalls.

At Vicksburg, Jackson, Port Gibson, Birmingham, Yazoo City and West Point the rain has been falling steadily since Wednesday morning. Jackson reports over six inches of rain, Birmingham over seven inches, Vicksburg near eight inches, and Port Gibson seven inches.

The Jackson division of the Illinois Central is out of service and obstructions and washouts are reported at Utica, Harrison, Anding, Melton, West Point and Yazoo City.

At Rossum, near Vicksburg, Horace Gibson and his family left their home only a moment before it was swept away. At the Vicksburg National Cemetery many terraces were cut to pieces, and the fine steel bridge across Mint Springs Bayou, built by the government five years ago, is on the point of collapse and traffic across it has been stopped.

Telephone wires are down in all directions and news from outlying points is of the vaguest character.

In east Mississippi the downpour has been terrible, all the creeks are roaring torrents, and much damage has been wrought.

The Yazoo and Mississippi Valley shops at Vicksburg are flooded and all work is stopped.

At Baker's Creek, between Vicksburg and Jackson, railway traffic is entirely suspended. Mail and passenger trains are stopped at isolated points along all the roads, and some which left on schedule time yesterday have not reached their destinations.

St. Paul, Minn., March 28.—The main line of the Northern Pacific is blocked and passenger traffic is seriously interrupted by spring rains and floods over miles of prairies. The prairies near Mandan, N. D., and between Mandan and Jamestown are veritable lakes. The Great Northern and the Soo line are also in trouble. The Northern Pacific overland from the West, due in St. Paul on Wednesday afternoon, has not yet arrived. The overland is also blocked.

Reports from Winnipeg say that the Great Northern's Manitoba division is tied up.

Lincoln, Neb., March 28.—Chadron, Neb., and the district west and east for a hundred miles is practically isolated as a result of the snow and sleet storm of Monday and Tuesday. Telegraph and telephone wires and poles are flat in all directions.

## MONROE BUSINESS MEN

New Association Organized and Officers Elected

Monroe, Wis., March 28.—The Monroe Business Men's association was formed here last evening with officers as follows: President, Robert A. Eller; vice president, Dr. N. A. Leobourou; secretary, George G. Wright; treasurer, E. C. Coneland. George G. Wright, Andrew Schindler, Frank A. Treat and Ed. Carroll were elected delegates to the convention of the State Business Men's association at La Crosse next week.

## DATES FOR STATE FAIR ARE SET; STATE BOARD FIXES ON SEPT. 8-16

John L. Herbst of Sparta, C. G. Wilcox and Sup't Sievers Were Appointed Superintendents.

### Grounds Leased to a Newspaper Golf Club.

Milwaukee, Wis., March 28.—As was originally planned, the state fair will be held this year from Sept. 8 to 12, inclusive. Instead of in the last week of the month, as was proposed by some of the members of the state board of agriculture. When the question was put to a vote at the meeting of the board of managers yesterday afternoon in the Hotel Pfister the motion to change the date was defeated, though it was urged that the latter date would give the farmers better chance to attend the fair, as their crops could be left with less danger at that time.

Nothing was heard from the managers of the Jahr Markt association in regard to negotiations to co-operate with the board. It was expected that something of the kind would be attempted as it has been decided to hold the Jahr Markt at the same time the fair is held.

## DENOUNCED AS A BASELESS FAKE

Bribery Story in Connection with the Danish West Indies, Not Believed by State Department.

Washington, March 28.—At the state department today the charges of Capt. Christmas in connection with the sale of the Danish West Indies is characterized as "baseless, unmitigated and senseless fabrication." It is apparent that some unscrupulous individuals have got hold of Christmas and made him believe that the use of money was necessary as a part of the negotiations for the sale of the islands, and in that way was led to think that the newspaper associations, senators and congressmen were absolutely in his pay.

## BADGER TOBACCO FOR AUSTRALIA

Car of Rock County Leaf Was Started by Stuart Heddles for the Antipodes.

Stuart B. Heddles, the well-known tobacco man, started a car of tobacco today on a long journey, it being destined for Australia. The car is filled with what is known to the tobacco trade as the best grade of bookend tobacco, a grade that finds a ready sale in that faraway land.

Mr. Heddles has been making regular shipments of tobacco to Australia during the last four years, and since last July has made four shipments to that country. Some of the best tobacco grown in this state is sent out in these shipments.

During the summer months Mr. Heddles has a force of from 50 to 75 persons steadily employed preparing tobacco for his export trade and this furnishes employment for a large number of people. At present Mr. Heddles has his employees engaged in preparing the crop of 1901 for the cases.

## FOUR KILLED AND SEVEN INJURED

Head End Collision Between Two Electric Trains on the Chicago and Peoria Road.

Joliet, Ill., March 28.—In a head on collision between two electric cars of the Chicago and Joliet electric line near Sag Bridge, twenty miles from here, this morning, four were killed and seven injured, two probably fatally. The cars met on a curve while going at a high rate of speed and all were completely demolished. It is believed they were racing for a switch.

## BRIGHT PROSPECTS FOR PEACE

London Paper Looks for Speedy Settlement of Transvaal Troubles.

London, March 28.—The Daily Mail claims to have information that the negotiations in progress between the Boer leaders in south Africa inspire the greatest hopefulness. The absolute sincerity of Acting President Schall Burger and his colleagues is undoubtful. They will do their utmost to bring about a speedy settlement if Mr. Steyn will agree.

A telegram from Kroonstad, dated March 25, states that only one of the Transvaal delegates has gone to meet Mr. Steyn, the nominal president of the Orange Free State. He was blindfolded and was then escorted outside the British lines under a flag of truce. He had not yet returned when the dispatch was sent.

All the delegates since their arrival at Kroonstad have resided aboard their train at the railway station, but it was their intention to occupy a private house in the town after March 25.

Mother Killed, Girl Hurt.

Houston, Tex., March 28.—While crossing the Southern Pacific yards Mrs. Lizzie Miller and her daughters, Mary, 19, and Carrie, 17, were run down by a train. Mrs. Miller was killed, Mary will die and Carrie received probably fatal injuries.

## MONROE BUSINESS MEN

New Association Organized and Officers Elected

Monroe, Wis., March 28.—The Monroe Business Men's association was formed here last evening with officers as follows: President, Robert A. Eller; vice president, Dr. N. A. Leobourou; secretary, George G. Wright; treasurer, E. C. Coneland. George G. Wright, Andrew Schindler, Frank A. Treat and Ed. Carroll were elected delegates to the convention of the State Business Men's association at La Crosse next week.

## John L. Herbst of Sparta, C. G. Wilcox and Sup't Sievers Were Appointed Superintendents.

### Grounds Leased to a Newspaper Golf Club.

John L. Herbst, secretary of the State Horticultural society, was appointed superintendent of the department of the fair; H. A. Briggs was appointed over the sheep; C. G. Wilcox over the speed, and Supt. Sievers re-appointed over the machinery department.

An advantagous contract was signed with President G. W. Mansfield of the Milwaukee Driving club, giving the club the use of the tracks, buildings and grounds. The newspaper Men's Golf club was also given the use of a certain portion of the grounds and the secretary was directed to write the traffic managers of the different railroads asking for a one-freight rate for show horses sent to the fair.

The members of the board present at the meeting were: President McFerrow, Secretary John M. True, Superintendent C. G. Wilcox, S. D. Hubbard, George Cox and P. R. Hanifin.

JANESVILLE, WISCONSIN FRIDAY, MARCH 28, 1902

## STRANGE, WHEN STEERS COMPETE WITH COWS AS BUTTER PRODUCERS

Senator Quarles Charges That the Manufacture of Colored Oleo is "The Greatest Fraud of the Century"---Babcock Has Deciding Vote.

Washington, D. C., March 28.—In pounds of oleomargarine was manufactured every year in the United States and he had no hesitancy in pronouncing it "the greatest fraud of the century."

Representative Babcock of the Ways and Means committee called at the White House today in response to a request from the president. It was discovered that the committee stands eight to eight as between the Payne and Tawney Cuban reciprocity propositions and that Mr. Babcock who has been absent, held the deciding vote. After the interview it was stated that Mr. Babcock would vote for the Payne proposition. Mr. Babcock also informed President Roosevelt that owing to ill health he desired to relinquish the chairmanship of the committee and that he would be glad if the President would suggest some one to take his place.

H. Clay Evans, pension commission er, has resigned. This statement was made on reliable authority today. It is said that the resignation has been in the hands of the president a week and will be made public to day. It is also said that a successor has already been decided on, but the name is withheld.

## POST CHECK ENDORSED BY HEATH SUPPORT CARRIES GREAT WEIGHT

Bill Proposes to Retire the Five, Two and One Dollar Bills, and Substitute the Post Check for the Regular Paper Money.

Congress is attempting to perfect a design for currency intended especially for transmission through the mails, and the active people of the country wish it a success. The committees on post-offices and post roads have before them a measure providing a post check in denominations of five dollars and under, down to the denominations of fractional currency. It is proposed to retire the five, two and one dollar bills now issued by the government and substitute the Post check, and make the latter the regular paper money for those denominations. The Post check was devised by Mr. C. W. Post, a prominent and public-spirited citizen of Battle Creek, Michigan. He was assisted in its perfection by a number of publishers, and the plan has been earnestly endorsed by the American Newspaper Publishers' association.

The general appearance of the Post check is that of the present one or two dollar bill. On one side are blank lines upon which the holder may write the name and address of anyone to whom he desires to make payment by mail. The payee, upon receipt of the money, attaches his signature and collects the money at the office named. To forge the signature of the payee is a penitentiary offense, same as counterfeiting. As rapidly as the signed bills come into

the possession of the postmasters they are sent to Washington for redemption. So that, by this process, one can carry about his personal paper money in various denominations under five dollars, and it passes as good as gold. Should he desire to make remittance by mail he simply takes out a bill or piece of fractional currency, writes the name of his creditor, affixes and cancels a stamp, and it only requires the signature of the latter to again make the money as good as gold at the office named.

Since the adoption of rural mail delivery and our farmers are making

so many mail orders, our rural friends will be greatly interested in this proposition, and they would do well to so express themselves to their senators and representatives in congress.

The design has been dedicated to the government, so that no individual can selfishly profit by the adoption of the "Post check."

Hon. Perry S. Heath, now editor of the Salt Lake Tribune, and writer of the above, was First Assistant Postmaster General under the McKinley administration. The Money Order Service was under his supervision and he speaks with expert knowledge of all matters pertaining to the transmission of money through the mails. His cordial endorsement of the Post check currency carries great weight.

## GOLF CLUB READY TO OPEN SEASON

Board of Directors Met Yesterday Afternoon and Named House, Green and Games Committees.

The board of directors of the Sinsissippi golf club held a meeting yesterday afternoon at Charles E. Dunn's office to prepare for the coming season. A number of things to add to the attractiveness of the grounds will be carried out this year if possible.

Albert Schaller, Charles F. Achterberg and H. G. Carter, were elected as the green committee and will have entire charge of the course and grounds.

F. E. Fisfeld, J. P. Baker and H. H. McKinney were elected as a games committee and will arrange the events and matches for the season, and have charge of all competitions with outside clubs and make arrangements for the matches.

A house committee of four ladies and four gentlemen were elected to have charge of the club house and the property of the club inside of the building. They will have charge of the club suppers and entertainments and will see that the house rules are enforced. The following were the committee appointed: Mrs. H. G. Carter, Mrs. H. S. McGiffin, Mrs. George M. McKey, Miss Agnes Shumard and Messrs. W. A. Jackson, Fred S. Sheldon, Edward Peterson and F. C. Grant.

Secretary Baker was instructed to investigate the cost of putting in a double tennis court on the grounds and to see what arrangements could be made to defray the cost of the same by private subscription among the members.

Mad Girl's Body in Mill Pond.

Charlotte, N. C., March 28.—A report from Wilkes county, North Carolina, says the body of a young woman has been found in a mill pond. The girl was Sarah Benge, the daughter of a farmer, and she had been missing for three weeks. Evidences of blows on the head were discovered, and there was a large bruise on the breast. There was no water in the lungs.

## M. C. BERGH NAMED BANK EXAMINER

Man Well Qualified to Fill the Vacancy Caused by the Death of Edward I. Kidd.

Madison, Wis., March 28.—State Treasurer James O. Davidson today announced the appointment of Marcus C. Bergh of Viroqua as state bank examiner, to succeed Edward I. Kidd who died last month.

Mr. Bergh was for three years chief clerk in the department with Mr. Kidd and his long experience in the banking business qualifies him for the position. He was appointed by Mr. Kidd when Mr. Kidd was first appointed to the new position of state bank examiner, and has therefore a knowledge of the beginning of the department. For three years he has been assistant state treasurer under Mr. Davidson.

## MOB CARRIES OUT MANDATE OF LAW

The Murderer of a Wyoming Sheriff Strung Up by a Mob at Casper.

Casper, Wyo., March 28.—Early

next month there will probably be a

meeting of the board of university

regents to take action on the selection

of a successor to Charles Kendal

Adams as president of the University

of Wisconsin.

While the matter is being kept very

quiet and the names of other candi

dates are being discussed, the indica

tions now point very strongly to

the probable selection of President

Bashford of the Western Reserve Uni

versity of Ohio as the successor of

Mr. Adams.

Many things have been brought for

ward in favor of the candidacy of Mr.

Bashford, which are without doubt

having their influence with members

of the board.

Thus, Mr. Bashford is himself

a Wisconsin university alumnus,

and it is believed that this

fact will add to his strength at the

university, while in the second place

it is said that Mr. Bashford has kept

close touch with affairs at the

Wisconsin university and that his

insight in affairs at the university will

aid him materially in the work at the

institution.

## FOUND GUILTY OF BRIBERY

Former Member of St. Louis City Council

Given Three Years.

St. Louis, March 28.—Emil A. Meyenburg was convicted of bribery by a special jury in Judge Douglas' court after a trial lasting four days. His punishment was fixed at three years in the penitentiary.

The jury retired to deliberate at 6:10 p. m. and returned a verdict at 6:50. The jurors, it is said, were unanimous as to the question of guilt and the only matter on which there was a question was as to the punishment.

Mr. Folk, when the case was given to the jury, remarked that the state's case against Meyenburg was the weakest of all the pending bribery cases, and he would regard a hung jury as a victory for the state. After the jury's verdict had been rendered, he expressed his gratification and predicted that several

## PLANS DRAWN FOR A LARGE BUILDING

Bicknell Hardware Co. To Erect Modern Business Building on Corner of N. Academy and Wall Sts.

Excavating is now being done for a large building to be located on the south east corner of North Academy and Wall streets. The building will be modern in plan and equipment and will be 44x120 feet, two stories and basement in size. The basement will be constructed of stone, and the superstructure will be of wood, with an outside covering of steel siding brick. This latter is of sheet steel with the outward appearance of brick.

The mason work will be done by James Shearer and the remainder of the work by A. C. Kreuger. The building will be owned by H. S. and R. C. Bicknell, doing business under the firm name of the Bicknell Hardware Co. The work of construction will be hurried along as rapidly as possible and it is hoped to have the building ready for occupancy soon after May 1.

The Bicknell Hardware Co. came to this city from Fort Atkinson on July 1, 1898, and occupied one-half of the city building at the southwest corner of West Milwaukee and Marlon streets. The business gradually grew until the entire building was required about two years ago. Now it is necessary for them to have a still larger building, hence the new structure.

Three years ago the Bicknell Hardware Co. bought out a manufacturer of blacksmiths' shears, etc., and the business was carried on in that place for some months; the goods being shipped directly from that point, and later the business was moved to this city and the work done by contract here. This proved unsatisfactory and the firm was compelled to manufacture their own machines, starting their own shop on September 1, 1901. They now have expert steel workers and machinists for that purpose. The firm is busy filling orders from all parts of the United States for their products, as well as sending them to the very best jobbing and manufacturing trade.

A large part of the basement of the new building will be fitted with machinery for the punches, cutting and splitting shears, emery grinders, jointers, and special tools. The remainder of the building will be devoted to offices, shipping department and for storage purposes.

The firm will carry in stock a full line of heavy hardware, consisting of whole sale iron and steel supplies, shafting, belting, anvils, blowers, etc., wagon and carriage material, blacksmiths' and machinists' supplies, also hardwood lumber. They also deal in boilers, engines, iron and wood-working machinery.

The Bicknell Hardware Co. have already attained a prominent position among the wholesalers of this city and their well directed efforts are sure to result in an ever increasing business.

## AN AFTERNOON WITH ROBERT BROWNING

Enjoyable Entertainment by Eastern Star Study Class at the Home of Mrs. Wilbur Carle.

An afternoon with Mr. and Mrs. Robert Browning was highly enjoyed by members of the O. E. S. study class at the home of Mrs. Wilbur Carle, N. Jackson street, Thursday, March 27.

The following program was finely rendered: Robert Browning, Mrs. Irene Strickler; His Most Famous Poems, Mrs. Mary Woods; Elizabeth Barrett Browning, Kittle Ashcraft; who also read "The Most Beautiful Love Story Ever Told." Reading's "Comfort and Strength of True Love" sonnets from Mrs. Browning by Mrs. Mollie Kerch.

All responded to roll call with quotations from the poems of these famous people. Delicous refreshments were served at the close of the meeting.

## AMUSEMENT NOTES.

It requires two enormous sixty foot baggage cars to transport the scenery and baggage of the Marguerite Sylva "Miss Bob White" company which will appear here at the Myers Grand on Friday, April 4. It will doubtless be the biggest thing in a scene way that has been seen here in many years. The company numbers seventy-five people and in Miss Sylva's support are Richard F. Carroll, Frank Doshon, Thomas Whiffen, Nicholas Burnham, Wm. E. Phillips, Alice Campbell and Mathilde Preville.

"The Climbers," which will be presented for the first time here at the Myers Grand on Thursday, April 3, contains the episode most talked of by New York theatre goers last season. It concerns the confession of the embezzler Richard Sterling, and occurs at the end of the second act, and on the first night the auditorium was plunged in total darkness for several minutes. But, although a theatre full of people will sit in the dark through four hours of the "Götterdämmerung," they became so uneasy during the few moments of Mr. Fitch's play that the following night the scene was caused to be played in semi-darkness. This rule has since been adhered to.

The comedy element in the "Village Postmaster," the big New York success, which will be given at the Myers Grand, on April 18, is said to be exceedingly strong, the characters all being boldly drawn and with just enough exaggeration in those intended to carry the humor of the story to make them especially appealing. The period selected, 1852, affords opportunity for picturesqueness in dress, and the quaint costuming of that day are exceptionally becoming to the young ladies of the cast.

## SCHOOLS CLOSE FOR EASTER VACATION

Many of the Teachers Will Spend Part of the Time in Attending Teachers' Conventions.

This afternoon the public schools close for a two weeks' vacation, and many of the teachers will spend a part of the time out of town. Supt. H. C. Buell will visit the northern part of the state, returning for the Monroe teachers' convention. The Misses Holt, Gertrude Zehlinger and Mrs. Whittaker will attend the institute at Madison and the teachers' convention at Monroe. Miss Paulson will spend her vacation in Clinton and Monroe; Prof. Horn will visit his brother at the state university. Prof. Norris will visit a sister in Palmyra, while Miss Lange will spend her time in Chicago. Miss Julius goes to her home in Dodgeville. Prof. Arthurnot, Brace and Losey, also Carrie Zehlinger, will remain in the city.

## Ignorance.

There is an extraordinary political phenomenon at Madison this spring. The old-time Republican newspaper the State Journal, bolts the Republican ticket, and supports Storm Bull, the Democratic nominee for mayor. The Journal in state politics has been supporting both Spooner and LaFollette. Truly these are troublous times in politics and journalism, when some newspapers don't know their own issues. The shock of political conflict in the near future however, will clear the atmosphere.

## FOR OVER SIXTY YEARS.

Be sure and use that old and well-tried remedy Mrs. Winslow's Soothing Syrup, for children toothache, it eases the child, softens the gums, relieves all pain, cures wind colic and is the best remedy for diarrhea. 25c a bottle.

## Leaf Tobacco Notes.

There is a noticeable increase among the buyers as regards the buying of the crop of 1901. Nearly every buyer in this market is riding and buying some. They are nibbling away and do not act as if they were taking any of it bad.

The lower prices that are being accepted by many of the farmers is some incentive to the buyers to purchase more freely, but even that does not move the crop to any great extent and the matter drags along, unsatisfactorily alike to the grower and the dealer. The grower thinks his tobacco is worth more than he is offered by the buyer and the buyer is slow to make an offer, so the matter drags.

Many of the farmers seem willing to accept prices considerably below those which prevailed some months ago and this tends to promote the sale of the tobacco. Buyers are riding every section of the state but claim that they never had to ride so many miles before to get a little tobacco.

In old grades a fair amount of business has been done this week. L. B. Carle & Son sold about 150 cases of 1900 and George H. Runnill sold about 125 cases. The sale of smaller lots to manufacturers is not so good as some weeks ago.

L. B. Carle & Son are receiving 75 cases of 1900 purchased from Frank H. Pease & Son, of Fulton, some time ago.

The movement in tobacco in Wisc. is still somewhat tardy and what activity there is has been induced by a concession in price. Trade is practically confined to the medium grade leaf and this can be had at a much lower figure than prevailed earlier in the season. Even at the reduced prices dealers are not over anxious to buy, as the quality of all but the highest grade leaf is such as to involve considerable risk before purchasing. The weather is decidedly springlike and with the coming of farming weather it is probable that the necessities of growers will compel them to dispose of their unusual leaf, even if additional concessions

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired-out women especially those who are afflicted with "nervous" fits. Mrs. Ira W. Holmes of Cedar Rapids, Iowa, "It has helped me very much and a skillful physician said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

The Common Sense Medical Adviser, 100 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## NOT ACCUSTOMED TO THE USE OF GAS

Two Old Gentlemen from Geneva Lake Overcome by Gas at Hotel Myers Last Night.

For the last two days large numbers of people from Lake Geneva, Elkhorn, Zenda, Linn and other places adjacent to Lake Geneva, have been in this city as witnesses and principals in a law suit regarding the property on which the Lake Geneva Golf course is situated. Among the witnesses present are many old people and some of them not accustomed to the use of gas.

Last night at the Hotel Myers, two old gentlemen, Thomas Ledger of Linn and F. B. Merrem of Elkhorn were assigned to room 79. When they retired for the night they turned out the gas, but in some manner turned it on again, about half way.

This morning when Mr. Merrem waked up he felt sick and had a bad headache and noticed the strong smell of gas in the room. He looked for Mr. Ledger who was not in bed and saw him lying on the floor overcome with the deadly gas. He called a bell boy who discovered what was the trouble and notified Clerk Angle, who called Dr. W. H. Palmer.

After considerable hard work Mr. Ledger was brought out of the stupor and was soon all right again. The only thing that saved the old gentlemen from being asphyxiated was that the large transom over the door to their room opening into the hall was open and allowed fresh air to enter the room and the gas to escape out into the house. The gas fixture was all right and had a stop on it, but the old gentlemen in turning it off must have turned it on again. They are both acquainted with the use of gas and can account for it in no other way.

## CONTRACT TO STRIP THE GRAVEL PIT

Knickerbocker Ice Company Have Employed P. W. Ryan—Crushing Plant is Almost Ready.

The Knickerbocker Ice company has awarded the contract for stripping the gravel pit and grading the tracks at their stone crushing plant on the Wheeler farm to P. W. Ryan. Mr. Ryan has started at the work with a large force of men and will rush it along to completion. The crushing plant is almost ready for operation and the boarding house for the men about completed. There is a growing demand for crushed gravel in all of the large cities and the Knickerbocker company already have orders for a large amount of the product and also have the contract for furnishing the crushed stone for the cement foundation for several large buildings in Chicago.

About one hundred men will be employed at first and this number will be increased as the demand for the product increases.

The plant has a capacity of from thirty to thirty-five car loads a day and several side tracks will be put in by the St. Paul company to accommodate these cars.

## Reaching the People.

The man who started out each day to convince one individual about one article in his store without regard to the other things he carried and without regard to the other people in his neighborhood, would no doubt succeed in convincing that person before he was through. If he stood him up against the side of a barn and talked this information into him no doubt he would convince that one man.

There is a noticeable increase among the buyers as regards the buying of the crop of 1901. Nearly every buyer in this market is riding and buying some. They are nibbling away and do not act as if they were taking any of it bad.

The lower prices that are being accepted by many of the farmers is some incentive to the buyers to purchase more freely, but even that does not move the crop to any great extent and the matter drags along, unsatisfactorily alike to the grower and the dealer. The grower thinks his tobacco is worth more than he is offered by the buyer and the buyer is slow to make an offer, so the matter drags.

Many of the farmers seem willing to accept prices considerably below those which prevailed some months ago and this tends to promote the sale of the tobacco. Buyers are riding every section of the state but claim that they never had to ride so many miles before to get a little tobacco.

In old grades a fair amount of business has been done this week. L. B. Carle & Son sold about 150 cases of 1900 and George H. Runnill sold about 125 cases. The sale of smaller lots to manufacturers is not so good as some weeks ago.

L. B. Carle & Son are receiving 75 cases of 1900 purchased from Frank H. Pease & Son, of Fulton, some time ago.

The movement in tobacco in Wisc. is still somewhat tardy and what activity there is has been induced by a concession in price. Trade is practically confined to the medium grade leaf and this can be had at a much lower figure than prevailed earlier in the season. Even at the reduced prices dealers are not over anxious to buy, as the quality of all but the highest grade leaf is such as to involve considerable risk before purchasing.

The weather is decidedly springlike and with the coming of farming weather it is probable that the necessities of growers will compel them to dispose of their unusual leaf, even if additional concessions

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired-out women especially those who are afflicted with "nervous" fits. Mrs. Ira W. Holmes of Cedar Rapids, Iowa, "It has helped me very much and a skillful physician said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

The Common Sense Medical Adviser, 100 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

he wrote him a letter making it as logical as possible and as reasonable as he could he would get him without doubt because of his purpose, and the way he pursued it. If there were a thousand people at the same time interested in this same article and the man got up on a store box and made a speech to this thousand people he would convince a great many of them before he left them go. If he was afraid of his voice or was embarrassed about getting up before an audience and had that speech printed in a newspaper or circular, or posted on a bill board, it might lose some of its force of personality, but it would still retain enough of the attractive qualities to insure the attention of many people and perhaps guarantee the sale of many goods to those who read what he had to say.

Advertising is only a business speech. The point is to make it heard by as large a number of people as possible. Advertising World.

FIVE DOLLARS A BOX.

The Price Cut No Figure With Him. "I want to say for the benefit of some poor dyspeptic that Stuart's Dyspepsia Tablets will give comfort and a cure every time. Five dollars

a box would not stop my purchasing them should I ever suffer again as I did for a week before using them.

The one 50 cent box I bought at my druggist's did the work and my digestion is all right again.

Many of my neighbors have also tried these tablets and found them to be just as represented and Mr. Ellms also wants me to use his name in endorsing Stuart's Dyspepsia Tablets. Signed,

A. Ellms, and Chas. F. Buzzell,

Asst. Postmaster,

South Sudbury, Mass.

Mrs. Jas. Barton, of Toronto, Canada, writes: "For eighteen months I suffered from what I supposed was bladder and kidney trouble, and took medicine from three different doctors, without any sign of cure. I felt so ill at last I was hardly able to do my work.

"I thought I would try a box of Stuart's Dyspepsia Tablets and see if they would make me feel better, never really thinking I had dyspepsia, but after only three or four tablets had been taken all the acid trouble disappeared and then I discovered I had acid dyspepsia, while the doctors had been treating me for kidney and bladder trouble and one of them treated me for rheumatism.

My digestion is fine, my complexion clear and I am able to do my work and low spirits are unknown to me.

"I am so thankful for finding a cure so good and pleasant to take as Stuart's Dyspepsia Tablets. I am surprised at the change they have made in me."

All druggists sell and recommend Stuart's Dyspepsia Tablets, because they contain only the simple natural digestives, and taken after meals prevent acidity and cause prompt digestion and assimilation of food.

Physicians everywhere endorse them because they are as safe for the child as for the adult; they are invaluable for sour stomach, nervous dyspepsia, heartburn, gas on stomach and bowels and every form of stomach derangement.

DON'T ACCEPT COUNTERFEITS.

For rashes, skin diseases, sores, cuts, bruises, and other wounds nothing equals Da-Witt's Witch Hazel Salve. Don't accept counterfeits. None genuine except Da-Witt's. Those who suffered when using counterfeits could find no permanent relief," says J. F. Garall of St. Paul, Ark. "Finally I tried Da-Witt's Witch Hazel Salve which soon completely cured me."

Home-seekers' Excursions Via C. &amp; N. W. Ry.

March 4th and April 1 and 15, May 6 and 20. On above dates the C. & N. W. Ry. will sell home-seekers' tickets to points northwest, west, and southwest, at rates of one fare plus \$2.00 for the round trip, limit 21 days. "The best of everything." For free particulars apply to ticket agent of C. & N. W. passenger depot, Tel. No. 35.

Restores vim, vigor, mental and physical power, fills your body with warm, tingling life. That's what Rocky Mountain Tea does. 35 cents Smith's Pharmacy.

Assess Property at Full Value.

St. Louis, March 28.—The St. Louis board of equalization unanimously adopted resolutions to tax property of all kinds at its true cash value, as the law directs. This will include the assessment of all franchise property on the same basis as real estate and personal holdings are now taxed.

Farmer Found Dead.

Gilman, Ill., March 28.—Riley B. Simpkins, a farmer, disappeared from his home near Goodwin, in Iroquois county, on March 6. Wednesday his body was found in a field. Forty dollars in money and a gold watch were found on the body. The coroner's jury found a verdict of suicide.

Gov. Cummins Vetoes "Merge" Bill.

Des Moines, Iowa, March 28.—Gov. Cummins announced his veto of the Mellesberry bill, better known as the "merge measure." The bill removes the limit of indebtedness per mile that may be contracted by railroads running through Iowa.

Are Barred from Canada.

Ottawa, Ont., March 28.—The application of the Brotherhood of Railway Trainmen of America for permission to carry on within Canada an insurance business for the benefit of its members has been refused by the Dominion government.

Will Honor Andrew Carnegie.

New York, March 29.—The Society of American Authors will give a dinner for Andrew Carnegie April 7 on the eve of his departure for Scotland. American literature and art will be discussed by well known educators.

Only \$12.50 to Kansas City and Re-

turn via. C. M. & St. P. R. Ry.

March 29 and 30, good to return until

April 7, account of annual grand American Handicap Shooting tournament. For time of trains, etc., call at passenger station.

## PLACE CONTRACTS FOR STREET CARS

Latest Improved Models Ordered to Replace Those Destroyed by Fire Some Time Ago.

The Janesville street railway company has placed contracts for several new cars to take the place of the ones destroyed in the fire this winter. They will be of the latest improved model and strictly up-to-date. While they are being built the company has made arrangements for some other cars for temporary use and they will be here in a few days.

C. W. Reeler, assistant superintendent of the Janesville street railway company was badly shocked yesterday morning while he was repairing a guy wire near the switch on East Milwaukee street. The shock knocked him down on the roof of the car and in his fall he struck his head cutting a bad gash in it. He was so overcome by the shock and the blow on his head that he rolled off the roof of the car to the ground. In his fall he struck against the side of the car breaking a couple of windows and causing a commotion among the lady passengers on board the car. His hands were quite severely burned by the electrical current but he was able to be about his work during the day.

To Friends.

La Junta, Colo., March 28.—The authorities claim to have the names of some of the leaders in the lynching of W. H. Wallace, the colored railway porter, charged with assaulting Mrs. Henrietta Miller, and it is said prosecutions will be begun against them at the April term of court. The coroner's jury found that Wallace came to his death by "gunshot wounds and strangulation at the hands of unknown persons."

Chicago Wall Paper Mills Burn.

Chicago, March 28.—Employees of the Potter Wall Paper Mills, narrowly escaped serious injury in a fire in the plant to-day. After burning in a three-story annex and being apparently extinguished, the blaze broke out again in the six-story structure adjoining, and before it was finally quenched caused a loss of about \$100,000.

Berlin's Population.

Berlin, March 28.—A census of this city gives the population at 14,901,567. The increase in population during the last year is only 12,857, as against an increase of 42,493 for the preceding year. This falling off in the yearly increase is attributed to the movement of inhabitants to suburbs as a result of electric traction.

Body Found in River.

Grand Rapids, Mich., March 28.—The body of an unknown man was found floating in the Wisconsin River. The only mark of identification was a time check rdawadra vrla rdlu hrdlu hrdl check drawn to John Oleson, signed by one of the contractors who built the Princeton and Northwestern road here last year.

Illinois Teachers' Headquarters.

Springfield, Ill., March 28.—An announcement has been made by Alfred Baylies, state superintendent of public instruction, that headquarters for the Illinois delegation at the annual meeting of the National Educational Association, to be held in Minneapolis July 7-11, will be established in parlors A, B and C of the West Hotel.

Burdock up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Eclectric Oil cured me in twenty-four hours," M. S. Gist, Hawesville, Ky.

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

C. W. Reeder, Attorney.

STATE OF WISCONSIN—In Circuit Court

S. for Rock County—Currie May Long, plaintiff vs. Louis Allen Long, defendant.

The State of Wisconsin to the said defendant.

You are hereby summoned to appear within

twelve days after service of this summons, exclusive of the day of service, and defend the above entitled action in the Court aforesaid,

and in case of your failure so to do, judgment

will be rendered against you according to the

demand of the complainant or which a copy is

herewith served upon you.

C. W. REEDER, Plaintiff's Attorney.

P. O. Address, Janesville, Rock County, Wisconsin.

NOTICE TO CREDITORS—State of Wisconsin, County Court for Rock County, Probate.

Notice is hereby given that at a regular term

of the County Court to be held in and for said

county, at the Court House, in the city of Janesville, in said county, on the first Tuesday of Oct. A. D. 1902, being Oct. 7th, 1902, at nine o'clock a. m., the following matters will

be heard, considered and decided:

John B. Stetson, late of

the city of Janesville, in said county, deceased.

All claims must be presented for allowance to

said court, at the court house in the city of

Janesville, in said county, on or before the 19th

day of September A. D. 1902, or be barred.

Dated March 19th, 1902.

By the Court.

J. W. SALE, County Judge.

## RAILROAD PROPERTY.

J. Pierpont Morgan's statement before the court of inquiry in the famous "merger suit" is a straight forward business statement, with nothing to conceal. Mr. Morgan is neither a pirate nor railroad wrecker, but one of the brightest and most honest financiers that the nation has ever produced. He is progressive and the country shares in the benefits of his intelligent work.

The average man possesses ability enough when intelligently applied to make a living, and lay by a little for a rainy day. The exceptional man surrounded by the same opportunities, but with larger grasp of mental vision, goes to the front, and becomes a millionaire. Mr. Morgan belongs to the exceptional class. He is not a real estate dealer, neither does he dabble in merchandise. His energies are devoted to transportation, and he is a recognized power both on land and sea. If he wants a fleet he secures it, and the government is not asked for a donation in the way of subsidy. If he wants a railroad, he buys it or builds it, and the country shares in the benefits. He enjoys the reputation of saving more roads from bankruptcy, than any man in the country, and when he takes hold of stock that is weak and depressed, it soon takes on commercial value, not through manipulation, but through earning capacity, stimulated by brain and ability.

The Penn. Central, has for many years owned the only line of any importance, between Philadelphia and New York. It is the best paying short line in the country for passenger traffic. Two other companies were competing over longer routes, and without success. Their stock was below par, until Mr. Morgan came to their relief. As soon as he gained control, he put the lines together, straightened out the curves, put on an equipment and train service, that rivaled the Penn. company, made the first trip over the line in two hours, and redeemed the stock. Of course, he made some money. Why shouldn't he?

In the fight now going on, in which the Great Northern and Northern Pacific are involved, and where thousands of stock holders are interested, there is more at stake than the Divinity of Minnesota or any other state. If Mr. Morgan is permitted to consummate his plans, the country will have a better service, at reasonable rates, and the investors, several thousand in number, will be protected from unusual risk.

The average man, be he business man or farmer, never owned a share of railroad stock. The impression is quite general that this class of property is largely composed of wind and water, and represents but little in the way of tangible value. It is popular to denounce a stock broker as a gambler, and every man who deals with him is supposed to be a victim. When a railroad is surveyed across a state, and work is pushed to rapid completion, costing millions of money, many innocent and well meaning people are impressed with the notion that the Lord or some other supernatural force supplies the funds.

It is well for the country that it has J. Pierpont Morgan's and that class of men, and that through their influence and the confidence they inspire, it becomes possible to sell railroad stocks. The 200,000 miles of road and equipment, represent a vast outlay of money, and this outlay is made possible because capital in large and small amounts was induced to invest in stock. These stock holders represent a comparatively small class but the masses in every part of the country enjoy the benefits of their investment.

It don't require much effort or ability on the part of an individual to de-

lounce corporations, or the men who direct them, but when a state descends to the level of the individualicker and mol content and uses brief authority to block the value of progress, conditions are unwholesome, and the best interests of the people are not conserved. The merger suit may go against Mr. Morgan and his associates. If it does these gentlemen will survive, but the victory will be destitute of glory and the states interested will be the losers.

THE REAL ISSUE.

Dr. Amos P. Wilder, editor of the Madison Democrat, recently contributed an article to the "Outlook" on Wisconsin politics. His analysis of Gov. La Follette, as connected with the situation, has been the subject of a great deal of newspaper comment and while professing to support the governor, it is an open question as to whether the kind of support rendered is of much value.

E. P. Salmon, of Beloit, was not satisfied with the "Outlook" round up and so he prepared a statement from his point of view, which has just been published in the same magazine.

After saying some nice things for Senator Whitehead, whom Mr. Salmon greatly admires, he proceeds to state the issue in the present campaign,

in the following terse and vigorous language:

"The issue in Wisconsin today is not the primary election law. Mr. Whitehead is in favor of a primary election law. The issue is not the Tax Commission. Mr. Whitehead is the father of the present Tax commission, and is acknowledged authority in Wisconsin on the subject. The Tax Commission is working out its problems slowly and surely, and in the end Mr. Whitehead will have the credit for it. The issue in Wisconsin politics today is LaFolletteism pure and simple. This, carried to its logical conclusion, would mean the worst kind of boshism.

It is an open secret in Wisconsin that LaFolletteism means driving Mr. Spooner out of the United States Senate and putting in his place a certain wealthy lumberman who is reported to be furnishing the money for the LaFollette campaign. Mr. LaFollette is the enemy of Mr. Spooner, the best and ablest man Wisconsin ever sent to Washington. It is well understood in Wisconsin that the LaFollette element did their utmost to prevent the appointment of Mr. Payne as postmaster general.

The writer is opposed to machine politics, but any one who really knows the state of things in Wisconsin believes that the new machine would be far worse than the old one, and as between two evils the old machine is the better. As for that matter, Mr. Whitehead is the same type of man as Mr. Roosevelt, and no machine can ever dominate him. But Mr. LaFollette is his own machine and, the whole thing."

Mr. Salmon has sized up the situation correctly and every unprejudiced mind will endorse the sentiment expressed.

## BE HONEST.

The oratorical contest recently held at Superior, disclosed some interesting facts. One of the contestants, A. C. Grace of the Milwaukee Normal, was accused of plagiarism. It is claimed that he copied largely from Hamilton's orations. The faculty defend him on the ground that a student is permitted to copy 200 words in a 2,000 word oration. The young man may be within the limit, so far as rules are concerned, but the rules should be abolished. It is all right enough to borrow thoughts and ideas and this practice is almost universal, as the stock of independent thinkers is extremely limited, but any school that has to do with higher education, makes a very grave mistake in not insisting on originality of expression. The boy who sacrifices his personality or individuality, for the sake of a well rounded period, has but a faint conception of what these rare endowments are worth, and the school which encourages this sort of sacrifice is open to criticism. Quote the Bible and Hamilton, or any other authority, that do it honestly. It is just as bad to steal 200 words as 2,000 and the practice is simply theft disguised.

## CHINESE EXCLUSION.

The Chinese Exclusion act bill, now pending in the house, and championed by congressman Hilt, of Illinois, should be thoroughly digested before it becomes a law. It is a two sided question and entitled to the most fair and impartial consideration. If China is ever to be redeemed and christianized, it will be done after America shows a disposition to civilize and Americanize the representatives of the Celestial empire who have sought a refuge on American soil.

It is idle to send missionaries to China to teach the doctrine of Christianity, and handicap them with exclusion laws. The Boxer riots resulted in an opening wedge that in time will accomplish more for China in the way of civilization, than all the work of the past century. This country led the nations of the world in a liberal policy, and congress can ill afford to retard the work, by unwise legislation.

Rathbone, one of the convicted Cuban officials, is attempting to throw responsibility for his trouble on General Wood. The effort will be futile as the General enjoys the confidence of the people and no sympathy is expressed for the guilty trio.

The Fifteen brick industry has passed the experimental stage, and is now well established. The city has

long needed a good brick yard, and as building increases it will be found a valuable adjunct. With plenty of brick and cement posts, the city will run on substantial growth.

The independence of Cuba is an assured fact, and the new republic will soon be given an opportunity to try her hand at self-government. The undertaking will be watched with interest. It will not be surprising if annexation is the final outcome.

The many friends of H. A. Taylor will be glad to know that the effort to twist him up in the immigration difficulties was a failure and that he will be retained at his old desk. Mr. Taylor is an efficient officer.

The democratic school commissioner of the fourth ward, is the only member of the school board opposed to kindergartens. There is no ward in the city that will receive more benefit from this class of schools than the fourth. Mr. Miltimore does not reflect the sentiments of his constituency on this question. The voters of the ward will be pleased to put in his place John Koerner, the republican candidate.

In the death of Cecil Rhodes, the South African diamond king, England has lost one of her great financiers. Rhodes was aggressive and his presence in the Transvaal country was a constant menace to the natives. His policy had much to do with precipitating the war that has cost England so much in blood and treasure.

The Populists and Democrats have fallen out in Kansas, and the Prohibitionists are not largely in evidence. Carrie Nation is no longer on the carpet and the Rev. Sheldon appears to be taking a day off. If the republicans take advantage of conditions the state may be redeemed.

Adelaide King of the Waupun Leader, who has gained some city experience on the Milwaukee Journal, is now engaged on the Sentinel staff. She is a bright paragrapher, and the column devoted to her 'point of view' is always spicy.

The pullman porter Wallace who paid the death penalty at the hands of a mob in La Junta, Colorado, for a dastardly assault on an aged lady, met a fate which he deserved.

Christian Nelson, the man with 13 wives, should move his outfit to Salt Lake. He may not be a very good Mormon, but he has all the symptoms.

## PRESS COMMENT.

Marinette Star: Henry Watterton sees an opportunity to take up the cudgel in behalf of Miles and make an issue against the president, baseless accusations as; "he is trying to Mexicanize the government," and the continual reiteration of the abusive phrase, "cowboy politics." Such harangues appeal only to the ignorant.

Oshkosh Northwestern: The Long Island women who paid a high price for a recipe warranted to restore gray hair to its natural color and found it turned her tresses a bright purple will have an opportunity to use the balance of the mixture to color Easter eggs. Evidently however, she fails to see the joke of the matter as she has brought suit for \$10,000 damages.

The action of the German emperor in naming one of the new vessels in his navy the "Alice Roosevelt" in honor of the daughter of our president is accepted in this country as a pretty compliment and a gallant expression of appreciation. —Oshkosh Northwestern.

Eau Claire Leader: Aguilardo, when asked if there was any thing that he wanted at the hands of his captors, hesitated a moment and said there was one thing he wanted very much—something he had had only once in his life—and that was ice-cream.

Superior Telegram: General Nelson A. Miles has probably discovered that there are some things more difficult to fight than Indians. A sailor easily falls down when on land. It's a good thing to stick close to your own job.

Racine Journal: It may be a sort of poetic justice to put teachers through the so-called teachers' examinations almost as often as the schoolars go through the ordeal, but at the same time it is not practical justice.

Although most women are dissatisfied with their husbands, they would hesitate before trading them.

Tuesday evening next there will be two wild roses in Wisconsin, one in Waukesha county, and the other in Milwaukee—on the shelf.

E. Tracy Brown had his new automobile out for a spin yesterday afternoon. It is a beauty, and will be the source of considerable pleasure to Mr. Brown during the summer.

The Whitewater schools sent a delegation two hundred strong to Beloit today to attend the oratorical contests this evening. They stayed in this city for a time between trains.

## No Registration Required

Registration for the spring election is not required. Residence in the state for a year and ten days in the ward meet all requirements.

## YOUR WANTS

Can Be Made Known Through The Gazette Want Column. 3 Lines 3 Times For 25c.

The following letters await owner in the Gazette counting room: "C. S.", "G. W.", "J. E. Fluman." "J. N.", "W.", "J. E. Fluman." "WANTED—Boarders at 34 Fourth avenue Good board and room.

## REPUBLICANS HAVE A STRONG TICKET

Outlook for Their Candidates at the Coming Spring Election Never Was Brighter.

The outlook for the republican candidates at the coming election was never brighter. From all parts of the city the assurances are, that the entire ticket will be elected. Even in the democratic strongholds there is great disaffection and it looks as if there would be a landslide for the republican nominees and good government.

The ticket certainly presents a list of names that could not be improved upon. From the office of city treasurer down to the office of constable there is not a name presented that is not worthy of the vote of all the people.

It is time there was a change in a number of the city offices and now is the time for the people to get this change. There could be no disaffection among the members of the republican party. They should stand by their candidates solidly and there will be no question as to the result.

The nomination for the city offices could not be improved upon. James A. Fathers has a clean record and makes an ideal city treasurer. Stanley D. Tallman, although a young man, has the legal ability to fit him for the office of city attorney and to look after the city's interests in first class shape.

W. S. Jeffris needs no introduction to the citizens. He has been on the school board as school commissioner at large for two terms and is a progressive educated man well up in school government and will be re-elected by a large majority.

Jesse Earle has made an able and popular justice of the peace and has the support of many voters outside of his own party and is sure to win out.

E. W. Lowell, Dr. James Mills, W. H. Judd, L. A. Hemmens and Carl Pabst, the republican nominees for aldermen in their respective wards are all first class business men and capable of handling the affairs of the city in a conservative and business-like manner and all stand for good government. They should be the choice of all law-abiding citizens.

It is necessary that the city's representatives on the county board should be alive to the times and on the look-out for the protection of the city. The republican nominees from the different wards for supervisors are all capable men and should all be elected.

The office of school commissioner is always important and no one will go wrong by voting for the republican nominees.

As a matter of fact the republicans have put up for the votes of the people a ticket that should appeal to all classes as the one that it is for their interests to support.

## CITY NEWS IN BRIEF

Oil sardines, 4c. Fair. 2 lb. can succotash, 8c. Fair. 2 lb. can pumpkin, 4c. Fair. White clover honey, 15c. Fair. 15c. bottle sweet pickles, 16c. Fair. 3 lb. can hominy, 5c. Fair. Canned peas, 8c; extra sliced, 10c. Fair.

## REBEKAH'S HOLD AN ANNIVERSARY

Pleasant Entertainment by the Local Lodge No. 171 at Odd Fellows' Hall Last Night.

Last evening Janesville Lodge No. 171, Daughters of Rebekah, very pleasantly celebrated the fourth anniversary of the order at the West Side Odd Fellows' hall. Visiting delegations were present from Whitewater and Monroe and entered into the spirit of the occasion in a most hearty manner.

Those from out of town were met at the depot and escorted to the hall, and at 6:30 o'clock a delightful and tempting repast was served.

The banquet committee, consisting of Mesdames N. B. Robinson, Griffith, Brot, Baldwin and Dopp had very tastefully decorated the banquet room with the colors of the lodge, green and pink, while Easter lilles, ferns and roses added not a little to the beauty of the tables. Bunting was draped from the chandeliers in every direction.

After a jolly good time at the banquet, the members adjourned to the lodge room where a business session was held and lodge work done.

After the lodge work was finished a musical and literary program was rendered; followed by an address by John Fulton of Whitewater.

At the close of the program the card tables were brought out and progressive clinch was indulged in for an hour or more. The prizes, except the booby, going to the visitors. The program and cards were under the care of Mesdames Watson and McDonald.

## CITY NEWS IN BRIEF

Javanese coffee, 10c lb. Nash.

Plenty of fresh eggs, 15c. doz. W. W. Nash.

All breakfast foods, 2 for 25c. W. W. Nash.

Home grown lettuce and onions and pea plant. W. W. Nash.

George Van Ette of Chicago is visiting Janesville friends.

L. A. Proctor of Beloit is spending a few days with local friends and relatives.

C. S. Fackler, western freight agent of the Nickel Plate Railway was in town yesterday.

Fancy stand lamp, half-price. Fair.

We are constantly adding to our remnant counters up-stairs. Look them over for bargains. Fair.

The finest of Easter novelties in the way of footwear can be found at Whitton's Lion shoe store.

Mrs. A. Spence is entertaining J. W. Price and bride of Waukesha at her home on Pleasant street.

The Gazette has received one of Rech's baseball guides for 1902 and finds it a complete and handy book.

Sunday is Easter. Fit your feet out with the handsomest of shoes, such as those shown at the Lion shoe store.

Smith's orchestra and the Unique club are a big combination. They will unite in forming a good time at the dance Tuesday evening at Assembly hall.

U. G. Waite of Afton visited Janesville friends yesterday. Mr. Waite has just returned from a several weeks' visit in Oklahoma territory.

Rev. R. C. Denison delivered the last of the holy week services last night. His topic was "The Great Sufferer." The sermon was illustrated with stereopticon views.

Ladies \$5.00 fine kid shoes \$1.98 Fair.

New shoes are necessary accompaniments for Easter gowns and bonnets. The Lion Shoe store can show you just the proper article and a call will prove their popularity both in style and price.

The finest boys', misses' and children's shoes for Easter. Get them at our discount sale this week and avail yourself of the 10 per cent. off Spencer.

The physicians of the city disclaim any responsibility for calling the disease that Miss Zoe Haskell was suffering with chicken pox. They claim that no physician was called up to the time the girl was examined and the house quarantined for smallpox.

The basket ball team of the Janesville High School didn't do a thing to the Ft. Atkinson basket ball team at Ft. Atkinson, last evening. The Janesville boys had their working clothes on and when the game ended, the score stood 51 to 11, in favor of the Janesville team.

"When We Were Twenty-One" played a return engagement at the Myers Grand last night. A good audience showed their appreciation of this delightful sketch and the superior cast in its interpretation. It is one of the most interesting and acceptable plays seen in Janesville this season.

The Hanan & Sons, John Foster & Co.'s, the Regent, the Gloria—who knows of any better makes than those. See all the new styles at Spencer's Easter discount sale, 10 per cent. off this week.

There is nothing misleading about our advertising. We in simple language tell you. We have the best. Now it is "up to you." Ten per cent. off on all our Easter styles this week. Spencer's.

On account of not wishing to distract our Easter window we have placed all styles of shoes that will be sold tomorrow at \$2.50 per pair in special show cases. Maynard Shoe company.

## NEWS OF THE COUNTY

## LIMA.

Lima, March 27.—Mr. N. Davidson, of Milton, is visiting his sister, Mrs. Bowers.

Rev. North's class in Bible study, meets with Mrs. James this week.

A number of Leslie Saxe's young friends gave him a surprise party Tuesday evening.

Mrs. Fisher, of Whitewater, was here house hunting Tuesday. Mr. Fisher will soon open a blacksmith shop in Lima.

Mrs. Cyrus Godfrey and daughter of Milton, called in Lima briefly on Wednesday.

At the caucus Tuesday afternoon, all but one of the present officers were renominated, the one change being that of assessor, that being given to C. B. Palmer.

We heard the other day of one of our neighbors, who tried to drive without untiring his horses, and wondered if he imagined he was in the city driving an automobile.

Albert Stillman and family now occupy the living room opposite Rees's store. His brother-in-law, Geo. Cowles occupies the farm.

## EDGERTON

Edgerton, Wis., March 28.—Wallace Brown was in Chicago one day last week.

Miss Gladys Harvey of Madison spent Sunday with her sister, Miss Helen Harvey.

Mr. Wm. Dean and Roy made a trip to Chicago this week.

## DEMOCRATIC NAME WILSON.

Rockford, Ill., March 28.—The Democratic convention of the Tenth Senatorial District nominated James T. Wilson of Ogle county for the general

## NERVOUSNESS

For It We Especially Recommend Vinol.

## WHY IT IS SO HIGHLY ENDORSED.

There is no need of our telling you that a nervous condition is serious.

Those who are not nervous will not be interested in what we have to say.

Anyone who is so unfortunate, however, as not to be able to control their nerves, will realize that any advice that can be given to help them will be invaluable.

We want to impress upon our friends and neighbors in this city that Vinol, that great tonic reconstructive, is one of the most wonderful nerve strengtheners that we have ever encountered. Incidentally we would like to mention the fact that anyone who is suffering from a depleted condition of any of the organs of the body ought not to lose sight of Vinol as a means to tone up the body in part or in whole.

We have had cases come to our observation where Vinol has been taken for nervousness with the most wonderful results. Indigestion, sleeplessness, headaches and various other ills that are all frequently a result of disordered nerves vanish when the nerves are revivified. The following case is one which bears on this subject.

DUNKIRK, N. Y.—I cannot speak too highly of Vinol. For a long time I was a sufferer from nervousness. I had nervous dyspepsia. I tried many medicines but nothing did me as much good as Vinol. It strengthened my nerves and gave tone to my whole system. I urge any one similarly afflicted to give Vinol a trial.

## MRS. F. STEIGER.

Because of the good that Vinol has done in the past for nervous troubles we do feel so sure that there never has been a better general tonic offered to the public. We unhesitatingly offer to refund to anyone the price they pay for Vinol who after fair trial is not satisfied.

## SMITH'S PHARMACY.

Smith's Pharmacy, 100 Main Street, Janesville, Wis.

Smith's Pharmacy, 100 Main

# REACH AGREEMENT ON ILLINOIS SCALE

Miners and Operators in Joint Convention Settle Disputed Points.

## EASTERN MEN DELAY STRIKE

Civic Federation Brings About a Meeting That Is Likely to Lead to An Amicable Understanding with Workers in the Anthracite Field.

Peoria, Ill., March 28.—The scale adopted by the miners and operators of the Peoria, Canton, Rock Island subdistrict has just been adopted by the joint convention which has been in session in this city for the last ten days. The scale regulates the wages of day laborers, which range from \$1.80 to \$2.10 per day. The price for driving an eight-foot entry, which has been in dispute, was settled by fixing it at \$1.15, 11-25 per foot, with one man in an entry. Questions that miners and mine managers of any mine cannot settle are to be referred to W. R. Russell, state president of the mine workers, and Herman Just, commissioner for the operators. The scale just adopted applies to some of the largest of the mines of the state. The machine question, which has been a bone of contention, was referred to a special committee consisting of Schuler and Spenny for the operators and John Monday for the miners. Mine carpenters are to receive \$2.25 per day while the agreement lasts. The last clause of the agreement is to the effect that all miners in the district are requested to rigidly observe the regulations which prohibit the mining of forked coal, and that all coal is to be weighed instead of measured. This question of weights and measures was one that caused some trouble in the state convention, the miners holding out for an agreement to weigh.

New York, March 28.—Mine workers and mine owners of the anthracite fields debated their differences for four hours in a conference arranged by the conciliation committee of the national civic federation without result, save that the workers agreed not to strike on April 1 as decreed at the Shamokin convention.

There is to be further friendly discussion between the two interests, and Senator Hanna was empowered to call another conference at any favorable time within the next thirty days. The workers asked for an increase in pay, a shortening of the working day to eight hours, and the adoption of a scale for the entire district. The operators declined to grant the demands as to time and pay and refused to permit the complete unionizing of their properties. They offered to meet employers with grievances at any time, but insisted that there be no distinction between union and non-union men. The operators contended that the higher pay and shorter day demanded would represent a wage increase of 23 per cent, which commercial conditions did not warrant.

The presidents made the point that the ultimatum of the union to strike on April 1 did not give proper time for a discussion of the differences existing and seemed like a threat held over them.

When Senator Hanna came from the conference room he said:

"The miners' representatives have pledged themselves to withdraw the threat of a partial strike on April 1. Both sides are to take time to consider the representations made, and in thirty days, or at all, the committee is to meet and hear the results of this deliberation. An agreement seems likely."

Terre Haute, Ind., March 28.—The committee of miners and operators was again about ready to agree on the wages contract, but fell out on the powder question. The miners demand the privilege of buying powder in the open market. There is a difference of opinion as to the thickness of the vein of coal to be mined at the price fixed by the Interstate conference.

Altoona, Pa., March 28.—The bituminous coal miners and operators got together and agreed to continue the scale another year. It calls for a 60-cent pick mining rate and a ten-hour day.

Des Moines, Ia., March 28.—The state committee, representing the United Mine Workers of America, of district No. 13, and the mine operators of the state reported an agreement to the joint convention. In reaching this agreement the miners withdrew their uniform wage proposition and both sides granted concessions on the question of shot fuses.

**Tries to Kill Husband**  
New York, March 28.—Mrs. Anna Isaacs, 23 years old, of 116 Madison street, fired three shots at her husband, but all went wide. Then the woman swallowed carbolic acid and died in a few minutes. Jealousy caused the tragedy.

**New York Assembly Indoors Memorial**  
Albany, N. Y., March 28.—The assembly passed the bill appropriating \$100,000 for the erection of a monument to the late President McKinley at Buffalo. The bill passed the senate and now goes to the governor, who will approve it.

**May Be Bishop of Chicago**  
Chicago, March 28.—It is rumored that the Rt. Rev. John M. Farley, D. D., auxiliary bishop of New York, is likely to be appointed coadjutor bishop of Chicago, with the view of his ultimately succeeding Archbishop Prendergast.

HOGS—\$5.00 to \$6.00 per cwt.

BEEF—3¢ to 4¢ per lb. Lamb—4¢ to 5¢ per lb.

A Question of Gender.

I overheard a lively argument between three college girls while waiting for a car in front of the public library last night.

"Which is correct," asked the first to say 'here she comes' or 'here it comes,' as the attention of the trio was directed toward a car approaching in the distance.

"Here it comes," of course, emphatically declared one of the group.

"No, I think 'here she comes' is preferable," quickly retorted the first speaker still watching the car.

"You are both wrong, you are both wrong," spoke up the third, jumping up and down excitedly; "you should say 'here he comes.'"

This remark so amused the others that their attention was suddenly diverted from the rapid nearing car, as they laughed in felicitous derision of their companion's sense of grammar.

But the girl who had spoken last kept her eyes on the car, watching it closely as it came more clearly into view.

"Girls, I am right," she shouted at them so unexpectedly that the two turned toward the street at once.

"See, it's a mail car," she pointed out triumphantly to the surprised couple who saw one of the white trolleys coming down the track; "here he comes."—Boston Record.

## SPARKS FROM THE WIRES.

Woman Ends Long Fast.  
Atchison, Kas., March 28.—Miss Myrtle O'Neill, a music teacher, living with her parents ten miles south of Atchison, began abstaining entirely from food on March 1 and took no nourishment until March 26, when she drank a glass of buttermilk. Miss O'Neill, who once before went without food for ten days, fasts in the belief that it will purify her soul and character. Although greatly emaciated, Miss O'Neill was able to walk. It was only after constant persuasion by her relatives that she consented to take food.

## Horse Cart Strikes Train.

Indianapolis, Ind., March 28.—As horse company No 16 was responding to an alarm of fire the horses dashed into a Monon passenger train. One horse was killed and the wagon smashed, and the drivers had miraculously escaped.

## Makes Novel Campaign.

Campbell, Ky., March 28.—The Rev. John R. Hobbs has announced himself as a candidate for the Democratic nomination for congress in the tenth district. Mr. Hobbs intends to canvass the district afoot, in his shirt sleeves and barefooted.

## England Helps Venezuela.

Carcas, Venezuela, March 28.—The London foreign office has notified Sir C. A. Moloney, governor of Trinidad, not to permit the revolutionary steamer Libertador to take on coal in Port of Spain, and to request her to leave the harbor at once. The British government does not wish the Island of Trinidad to be used any longer as a revolutionary base against a friendly nation. When Sir C. A. Moloney referred to the Libertador in official correspondence he called her a Colombian war ship.

## Shoemaker Buried Alive.

Omaha, Neb., March 28.—Alonzo Goodall, a shoemaker, had himself buried alive, intending to remain in the ground four hours. After he had been underground sixty minutes the police heard of his attempt and he was dug up.

## Women May Be Notaries.

Richmond, Va., March 28.—After a debate in which a number of delegates took part, the constitutional convention adopted an independent section making women of 18 years of age eligible to the office of notary public.

## Wisconsin Fair Dates.

Milwaukee, Wis., March 28.—The State Agricultural association fixed the dates for the state fair for September 8 to 12. The Jahr Market association fixed the same dates for the holding of the Jahr market.

## Retaliatory Tax Imposed.

Madison, Wis., March 28.—The state insurance commissioner will impose a retaliatory tax of more than \$27,000 on the New York life insurance companies on account of the tax imposed on the Northwestern Mutual here.

## Girl Burned to Death.

Alto Park, Ill., March 28.—While 16-year-old Grace Aiken of Jerusalem, six miles north of here, was taking care of her little brother her clothes caught fire from the stove and she was burned to death.

## Floods in Manitoba.

Winnipeg, Man., March 28.—Reports from various points in the Northwest show that floods are disastrous and general. Rivers have overflowed their banks, carried away bridges, killed cattle and stalled trains.

## Two Days Without Food.

Bridgeport, O., March 28.—John Anthony and Peter Burleson, two Cleveland boys, were found here in a Cleveland, Lorain & Wheeling box car, almost famished, having had nothing to eat or drink for two days.

## Fire in Pennsylvania Town.

Schroeder, Pa., March 28.—Fire at Peckville, devastated the business section of the town, burning over two blocks on Main street and the same distance on Depot street. The loss will reach nearly \$100,000.

## Mexican Railroad Suffers Loss.

Chihuahua, Mexico, March 28.—The roundhouse, carpentershop and repair plant of the Chihuahua and Pacific Railroad company was destroyed by fire, the origin of which is unknown. The loss is estimated at \$100,000.

## Wilhelmina Will Stay Home.

The Hague, March 28.—The Dagblad announces authoritatively that the confinement of Queen Wilhelmina is expected next September. Her decision to stay at home this summer is thus explained.

## Killed for Mistreating Family.

Scottsville, Ky., March 28.—Fletcher Kennedy was shot and killed near Chappell Hill and Wade Walls seriously wounded by Ben Killman, who said they had mistreated his family.

## Father of Forty-eight Children.

Maysville, Ky., March 28.—Andrew Ramey of Nicholas county has been married five times and is the father of forty-eight children, of whom thirty-nine are living.

G. A. R. Rate at a Cent a Mile.  
The lines east of Chicago have agreed to make a rate of one cent a mile each way to persons attending the next annual encampment of the Grand Army of the Republic. No action regarding rates for this occasion has yet been taken by the western railroads. It is probable that they will make a rate of 1 1/2 cents a mile as their custom.

E. B. Harvey Dead.  
Word has been received in this city announcing the death of E. B. Harvey of Brodhead. Mr. Harvey was stricken with paralysis about a week ago. The deceased resided in this city for a number of years and was known by the older residents of Janesville. Had he lived until tomorrow he would have reached the advanced age of eighty-six years. Mr. Harvey leaves two children in this city: Wycland F. Harvey of 61 Pearl street, and Mrs. Miller, who resides on Oakland avenue.

The funeral will be held in Brodhead on Sunday afternoon at two o'clock.

## Suit Against Modern Woodmen.

Grand Rapids, Mich., March 28.—Suit for \$50,000 damages was begun in the Kent county circuit court by Charles Lewis of Berlin, Mich., against the Modern Woodmen of America, for injuries alleged to have been received while being initiated by the Berlin camp. Lewis says he was treated roughly, and his right leg was so injured that it had to be amputated.

## Bank Robber Confesses.

Madison, Wis., March 28.—By the confession of Christian Tollefson, it is learned that the attempt to rob the bank of Cambridge on March 7 was made by six young men of the vicinity, of whom he was one. Tollefson gave the names of his confederates.

## Killed Her Husband.

Washington, Ind., March 28.—When Mrs. Liberty Kempf shot and killed her husband Sunday night she was acting in self-defense, her husband being in the act of choking her at the time. Coroner McKittrick, so decided and rendered a verdict to that effect.

## Labor Candidates Win.

San Francisco, Cal., March 28.—As a result of the official recount of the returns of the municipal election Edward Walsh and John Coglan, union labor candidates, have unseated Geo. Alpers and Fred Eggers, Republicans, making five labor supervisors.

of COAL is a prime requisite  
for Easter cooking, and we are not  
overstepping the bounds of modesty in  
stating that you can procure from us as good coal  
as is mined, for roasting,  
baking, broiling or boiling.  
It may interest you to  
know that the coal we sell  
meets every requirement;  
that we will give full weight  
and do not overcharge.

## Labor Leaders Heard.

Washington, March 28.—The hearings on the bill of Senator Nelson of Minnesota establishing the department of commerce and labor were continued before the house committee on commerce, H. R. Fuller, representing railway labor organizations, A. Purushet of the Federation of Labor and Edgar Agard of the glassmakers' national organization speaking against including the labor bureau in the new department.

Powderly to Have an Office.  
Washington, March 28.—Commissioner-General of Immigration Powderly whose term of office expires soon, will be tendered some other position in the government service.

## Washington Notes.

Washington, March 28.—Lieutenant General Miles is a grandfather. Nelson Miles Reber, as he is to be christened, was born last evening, his mother being Mrs. Samuel Reber, the only daughter of General and Mrs. Miles. This is the first grandchild in the Miles family.

President and Mrs. Roosevelt entertained at luncheon Senator and Mrs. Lodge, Mr. and Mrs. John C. Shaffer, Mrs. Hobson, Mrs. Julian James, Miss Lay, Judge Emory Speer of Georgia, and others.

Chairman Babcock of the Republican congressional committee informed President Roosevelt that owing to ill health he desired to relinquish the chairmanship of the committee, and that he would be glad if the President would suggest some one to take his place.

The Philippines government bill, which has been under consideration all winter by the Senate Committee on the Philippines is almost completed and will probably be agreed to by the full committee and reported to the Senate next Monday.

Senator Mason's bill forbidding under penalty of fine and imprisonment the sale of "carbonated" or other than naturally fermented champagne, unless so marked, was ordered favorably reported by the Senate Committee on Commerce.

Miss von Gellenberg, wife of the Secretary of the Austrian Legation, will soon sail for Europe, where she will spend the summer.

Plant Long Trolley System.  
Indianapolis, Ind., March 28.—Geo. F. McCulloch, president of the Union Traction company, is said to be working on a scheme for connecting Indianapolis with Chicago by an electric railroad system, which is to touch Noblesville, Tipton, Kokomo, and Logansport. Mr. McCulloch was in Logansport for the purpose of looking over a route for the extension of the Indianapolis and Kokomo line.

G. A. R. Rate at a Cent a Mile.  
The lines east of Chicago have agreed to make a rate of one cent a mile each way to persons attending the next annual encampment of the Grand Army of the Republic. No action regarding rates for this occasion has yet been taken by the western railroads. It is probable that they will make a rate of 1 1/2 cents a mile as their custom.
